

2017

ANNUAL REPORT
LOCAL. VOCAL. EFFECTIVE.

**COMMITTEE FOR
GREEN FOOTHILLS**

WE DEPEND ON WILDLIFE

Dear Friends of Committee for Green Foothills,

Can you imagine our region without bobcat, burrowing owl, or trout? I shudder at the thought. We are inextricably tied to the animals that call this place home. This is why Committee for Green Foothills has always worked to protect habitat and migration paths.

Wildlife plays a fundamental role in maintaining ecosystem health. Losing one species can make another too abundant or too scarce, leading to habitat degradation, increased fire risk, and erosion. Resulting habitat changes in turn affect other species. As John Muir put it, “When we try to pick out anything by itself, we find it hitched to everything else in the Universe.”

When we protect habitat and migration routes, we aren’t just saving a few species; we are saving entire ecosystems.

As you read this report, you’ll see that we (and local wildlife) celebrated important victories in 2017. Many of our efforts are still in progress, but I am positive that with you on our side we will continue to celebrate many more wins for nature, and all of us who depend on it.

Thank you for making 2017 another successful year.

In service,

Megan Medeiros
EXECUTIVE DIRECTOR

AND WILDLIFE DEPENDS ON US

We advocated on 34 issues in 2017. From small parks to proposed projects that span our entire region, we gave a voice to the most at-risk habitats. This map illustrates the range of our work. The following pages detail three campaigns.

REDWOOD CITY

Advocating against Harbor View's massive office development project adjacent to Cargill salt ponds

SAN CARLOS

Victory! Prevented 4 acres of natural habitat that act as a wildlife corridor from being turned into sports fields in North Crestview Park

MENLO PARK

Victory! Ensured Bedwell Bayfront Park Master Plan maintained the park as an open space nature park, and protected wildlife (p3)

HALF MOON BAY

Working to preserve open space, farmland, and sensitive habitat as part of the local coastal program

SAN MATEO COUNTY

Victory! Protected old-growth redwoods from being logged on Stoddard Trust property

LOS GATOS

Supporting community leaders in achieving wildlife-friendly fencing ordinance (p3)

SAN JOSE

Victory! Permanently protected 30 acres in Coyote Valley (p3)

GILROY

Protecting hillsides, serpentine habitat, riparian corridors, wetlands and cultural resources at Sargent Ranch, where a sand and gravel mining operation is being proposed

KEY

○ IN PROGRESS

📍 SUCCESS!

SMALL PROPERTY, BIG WIN FOR WILDLIFE

“We celebrated an important victory this year when we stopped a giant warehouse and distribution center from being built in Coyote Valley, permanently protecting a 30-acre site. People power made this possible. While we celebrate this win, I know that a new proposal could come forward any day on north Coyote Valley’s 1,400 acre wildlife corridor. I’m confident that if Committee for

Green Foothills, other environmental groups, community members, and elected officials continue to work together, we will protect Coyote Valley forever.”

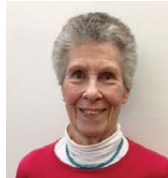

Sergio Jimenez
San Jose City
Councilmember

SAVING HABITAT IN OUR PARKS

“When Menlo Park considered the future of Bedwell Bayfront Park, some of the proposals could have harmed the habitat and nesting sites for migratory bird species. I appreciated Committee for Green Foothills’ support and advocacy for wildlife conservation. The Menlo Park City Council voted to protect this gem of a park 5-0, ensuring that the park will remain a place to enjoy as a natural resource. I look

forward to working with Committee for Green Foothills further to ensure that Bedwell Bayfront Park is protected, and funded in the future.”

Chris MacIntosh
Friends of Bedwell
Bayfront Park Chair
and Co-Founder

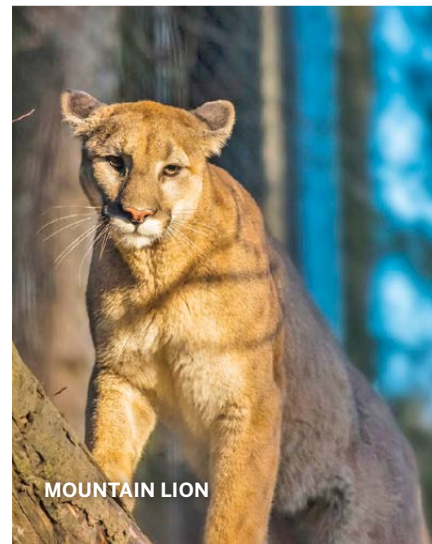

SPEAKING UP FOR WILDLIFE IN OUR BACKYARDS

“As a biologist, I enjoy living with wildlife nearby and care about protecting habitat. That’s why I helped draft an ordinance for wildlife-friendly fencing in the Los Gatos hillsides. I reached out to Committee for Green Foothills staff, who wrote letters and joined me in speaking to the town council. Town staff is currently revising the draft ordinance to be considered by council this

year. I am thankful to have the support of Committee for Green Foothills and am confident that together we will create positive change for wildlife.”

David Weissman
